While the COVID-19 pandemic continues to dominate our everyday lives, the renewed focus on our health and overall well-being has been increasingly important. Of course, that means not only keeping ourselves safe from the virus, but also staying on top of our other medical needs. Thankfully, Greater Orlando is full of amazingly skilled physicians from all areas of medicine who are more than capable of addressing our ailments.

We asked our readers to let us know the names they trust in times of need and we received a record amount of online nominations. The result is our annual Top Physicians list, featuring more than 360 doctors from 50 disciplines who are making a noticeable impact in the health care world.

COSMETIC & PLASTIC SURGERY

Dr. Edward J. Gross- Primera Plastic Surgery | Lake Mary
